2. OMS ERP

- An enterprise resource planning app designed to streamline operations for businesses, including finance and inventory management.
  [Play Store Link](#)

3. OMS Retails

- A retail management app for inventory tracking, order processing, and customer relationship Management.
  [Play Store Link](#)

4. OMS B2B

- A business-to-business platform for managing supplier relationships and transactions
  [Play Store Link](#)

5.OMS Mechanic

- A service management app for mechanics to track jobs, manage schedules, and generate Invoices.
  [Play Store Link](#)

6. OMS Dispatch

- A logistics app for dispatch management and real-time tracking of deliveries
  [Play Store Link](#)

7.OMS Parking

- A parking management app for reserving and tracking parking slots, with features for entry and exit management
  [Play Store Link](#)

8.Shanti Engineering

- A project management app tailored for engineering firms, enabling report generation and task tracking

2) Supporting Officer (Account)

Global Tech Nepal Kathmandu
Duration: 6 Months

Key Responsibilities:

- Provided training to employees of various organizations on accounting software usage, from basic to intermediate levels
- Managed account-related data, including audit reports, trial balances, and financial statements
- Troubleshot software errors and resolved issues related to accounting systems
- Collaborated with clients from prominent organizations such as **Foodmandu, Black Horse, Rita Automobile, Ultima, Garg Group, Mahanagar Yatayat, and UHS Group**

Accomplishments:

- Awarded **"Best Employee"** for outstanding contributions and dedication to client satisfaction.
- Successfully trained over 3**0 employees** from diverse industries, enhancing their proficiency in accounting software.

Technical Skills:

- **Programming Languages:** Dart, JavaScript
- **Frameworks & Libraries:** Flutter
- **Backend Development:** RESTful APIs, Node.js
- **Databases:** Firebase,MS SQL , SQL Lite
- **Tools & Platforms:** Git, GitHub,, Android Studio
- **Other Skills:** Agile Methodology, Performance Optimization

Achievements & Recognition:

- **Best Employee Award** at Global Tech Nepal for exceptional performance and client satisfaction
- Successfully collaborated with renowned organizations such as **Foodmandu, Black Horse, Rita Automobile, Ultima, Garg Group, Mahanagar Yatayat, and UHS Group,KKM Marketing.**

Academic Projects:

1. Student Management App

- Developed a Flutter-based mobile app with **Firebase integration** for student login via email or fingerprint authentication
- Features included password recovery, syllabus details, past exam papers, assignment notifications, event updates, and result tracking
- Integrated an **LLM model (Gemini)** to enable students to interact with an AI- powered chatbot for academic queries.

2.Quiz App

- Created a multiple-choice quiz app with features like timed quizzes, score tracking, and leaderboard functionality
- Used **Flutter** for the frontend and **Node.js** for the backend to handle real-time updates and user authentication

3.News App

- Built a news aggregation app that displayed real-time headlines using a **Node.js backend**
- Implemented features like category filtering, bookmarking, and sharing articles

4.Real -Time GPS Tracking App

- Developed a GPS tracking app to monitor vehicle locations in real-time using **Google Maps API**
- Enabled features like geofencing, route history, and location sharing.

Extra Curricular Activities:

- Participated in technical quiz and coding competitions.
- Actively involved in community initiatives promoting technology adoption
